intro or whatever

The following is an exposal document of King, also known as King Kawaii Teenieping. He is a 22 year old man who is active in the Catch! Teenieping community, this doc will cover:

- King being a pedophile
- King being a manchild
- King power tripping
- People’s experiences with King.

EXPERIENCES WITH KING

DIFFERENT PEOPLE'S EXPERIENCES WITH KING.

Bayani's Experience:

Hello. My name is Bayani, also known as Lucifer. Being in a server with King was somewhat okay, but then he just acts nice to make you not think much about him. Something that has somewhat bothered me is that he would intrude on roleplays or conversations, especially if it's not about him. Sometimes it is, but me and my friends just brush it off and don't mind much about it, but he just tries to make us feel bad for him. I feel like he somewhat hates me because I "ignore him," but he has to learn. Every time someone says "hi" to him, he always says that they're not saying hi to him because they didn't say his name, and this really pisses me and some others off. He always wants to get his way, and Truz, one of his friends and potential victims, is basically his bodyguard. Truz has mentioned before that she doesn't want to talk to King, but she is somewhat required to because it would make King upset. Truz has also said not to mention inappropriate things around her to King, or at all, because of her parents, since they are looking out for Truz and they don't like King and how he acts around Truz. This has also irritated me since a 22 year old is acting like he needs to STILL be in preschool, and a 17 year old that acts like she's his lawyer.

PancakeZ's Experience:

Hey, I am PancakeZ, I am the writer of this doc, you may know me for creating Rogue Catch! Teenieping, or from the Catch! Teenieping server itself, or maybe from another community. My experience with King has been pretty rough, I first joined the server just to mess around and troll, I played along for a while. If we ignore the disgusting stuff, he is so immature and oversensitive. I couldn't take the bullshit any longer, told King to his face that he needed to change, and got banned.
After a while of more stuff about King being revealed to me and a few others, I decided to hop on my alt account and pretend to be someone else, during this time I actually decided to make my first tupper on that account be The Spy from TF2 as foreshadowing. After a while, I decided one night to erase almost the entire server, every single channel I had access to was wiped off the face of the earth. I did this out of spite. I do not regret it one single bit. King also wore "hot" outfits and so did his characters, once again, characters around 10-16 years old. I am disgusted by him.

??? Experience:

Hi! My name is ???. I'm the one who made some people like bayani and pancake aware of the situation. I first joined this server back in November. While it was fun at first, King and Truz themselves weren't too bad. That was until December when I finally had access to their private roleplay and it was something. As shown in some screenshots I provided, King would talk inappropriately despite his roleplay age being 12 while he's actually a full grown man. And even when Truz, as shown in some screenshots I provided, said she didn't wanna roleplay as hot themes. And king disregarded that. Even then he would rush one member in the server with art that he forced them to make for him, disregard someone else's comfortability and as for me? He discarded my boundaries as well, when I stated I didn't wanna hug him because of personal reasons, he got mad and unfriended me and threw a tantrum, and Truz is too airheaded to take note of this. Still defending him. She even tricked me once by saying she left King, when I confronted her about it since she knows I believe he's grooming her, she this entire time NEVER said I was wrong. In fact, she

JUSTIFIED it by saying she was turning 18 this year. Grooming is grooming, adults can still be groomed. In conclusion, King disregards other people's feelings aside from Truz's, I really hope Truz can get away from him and if she can't then honestly that's on her. She's aware of the situation and that's my final word.

Connie's Experience:

Hellos! I'm Connie, i'm barely known since i don't have much socials, but known by some teenieping fans on Roblox!! :3
I was friends with king in early 2025, I got to know him (kinda), and I felt something was off.. like if smth was gonna happend With king, and well yea, it happend. When I joined the teenieping fandom in Summer 2025, he invited me to his roleplay server, That's where I met Truz and Sache. My discord glitched and i Didnt have access to private roleplay. Wasnt until i got access again and Almost everyone from king's family in rp had bikinis or swimming trunks, and i saw they call it "hot bikinis" and "hot swimming trunks", I WAS ABSOLUTELY DISGUSTED, thanks to ???, i saw that Truz is being groomed, bc of Sexual content involving minors. Truz's mom tried warning her multiple times BUT NO , she still hangs out with him, until this day. Connie Out.

SEXUALISATION OF CHILDREN

SEXUALISATION OF CHILDREN

(Plus acting sexually where minors are present)

King Kawaii Teenieping has been shown to depict child characters in “hot” outfits that are clear sexualisation. Here are some screenshots of that exact thing happening.
Do note that King’s character in the RPs is 12 and he’s married the “Hye-Joo” character meaning they are BOTH minors in the rp.

KING IS A MANCHILD

King has shown that he is well, a manchild. He reacts poorly to anything going different and got mad over someone's own boundaries, plus even more.

First, below are screenshots of King's reaction to normal boundaries set by a friend.
